Welcome to the 2017 – 2018 IMP League! Please complete the above form, providing phone numbers and/or e-mail addresses for the team captain (C) and team members. Identify the primary match arranger (M) and alternate contact (A). At least four names are required (entries will not be accepted without this minimum). All information submitted will be sent to team captains and posted at the VBC. No e-mail addresses will appear on any Unit website. Print legibly and complete as much as possible! More than six players may be used but only the most frequent six will be eligible for master- points. (Write extra names on the back of this sheet.) **Entry deadline is Wednesday, October 4, 2017.**

Flight A is unlimited and all teams entered are eligible for Flight A awards. The X strat will include teams with a team average of under 2500 masterpoints per player, calculated from the September 2017 lists for players on the initial roster and from the latest totals for players added later to your roster. The strat X masterpoint limit may be adjusted for balance. **Check this box [] if your team does NOT want to compete in strat X even if eligible.**

There will be a team captain's meeting (other team members are welcome) at the VBC on October 7, 2017 at 6:30 p.m. (before the MUG team game) to discuss and choose possible setups for the number of teams entered. A full schedule will be distributed to team captains and shown on the website a few days later. The IMP League A/X season begins October 8, 2017, although matchups between entered teams may be played before the captain's meeting.
